

Dear Parent / Guardian,

Please note that as of Monday 30th of September the Year 11 after school workshops will be starting, these will run from 3pm – 4pm according to the attached rota (Please note that the week beginning the 30th of September is a Week 1). We also have a system in place whereby, should a student be invited to a workshop by their classroom teacher, that workshop becomes a requirement for the student to attend. This means that should they fail to attend you will receive an automated email that lets you know that this is the case. Please be aware that this email is from a “non-reply” address and is for school and parental information only.

In addition to these structured workshops, we are making the BC2 classroom available for Year 11 students from 3pm – 4:30pm every night for homework and/or revision in order to give students a calm working space that they can use with friends.

I would like to remind parents that those students actively engaging in the workshops and the self-organisation of homework and revision make significantly more progress in their subjects and as such leave Year 11 with more options for the next stage of their lives, so I would ask that you encourage your son / daughter to make the most of these opportunities. Remembering that the Pre-Public examinations start in only five weeks.
