

# FULSTON FAMILY BLOG

EDITION #3 08/03/24

*"If we show **fortitude**, have high **ambitions** and are **mindful** of ourselves and our community, show **integrity** and **leadership** skills, together we can make great young citizens of the Fulston Family"*

It's been another busy week at Fulston Manor, with much to celebrate. Here are just a few of the achievements and events our students have participated in this past week.

## Careers Week

National Careers Week is a one-week celebration of careers guidance and the aim is to support our students develop awareness and excitement about their future pathways.

On Wednesday this week, students in KS3 and KS4 had an extended tutor time, in which they attended virtual assemblies facilitated by Canterbury Christ Church University.

The virtual assemblies were very well received and the students, via their tutors engaged well in the question and answer sessions. Themes being discussed included an Introduction to University and Student Life.

Students will also be receiving further information through Unifrog, notifications of this will be sent via ClassCharts.

## World Book Day

Today we marked World Book Day with staff being encouraged to dress up as a book character. It was a great way to demonstrate our lighter side and most importantly, start a conversation about books.

The day started with a Whole School Assembly delivered by Mr Gardner, dressed as James Bond, the fictional character created by British novelist Ian Fleming in 1953. Students were encouraged to participate in 'Who's Who' and match the member of staff to the book character.

Mrs Silver our school librarian is running a number of events throughout March to celebrate World Book Day which include:

- *Writing a book review*
- *Designing an original character*

and

- *our now annual Harry Potter Lunchtime Quiz which take place on the 15th March.*

We are committed to developing students love for reading as the benefits not only help with comprehension skills, verbal fluency, improved concentration and focus, stronger memory skills and expanded vocabulary, there is a strong correlation between reading ability and achieving the best outcomes at GCSE and beyond.
